

## 7th Annual Turtle Krawl – GreenBrevard

2-2 minutes

---

Join us for a family fun 10K bike or skate and 5K run or walk to benefit the Sea Turtle Preservation Society. The weather has been great, plan to join the Space Coast in this awesome event.

The Sea Turtle Preservation Society (STPS) is a not-for-profit organization, whose purpose is to educate the public about marine turtles. STPS reaches thousands of people each year through lecture presentations, exhibits at area events, and through our turtle watches during the sea turtle nesting season.
