“Turtles & Brews will be a fun and educational event to allow the public to learn about how they can help sea turtles along with helping raise funds for the Sea Turtle Preservation Society to continue our work helping sea turtles survive,” Villanueva said.

### About STPS

Sea Turtle Preservation Society is an all-volunteer non-profit organization whose mission is helping sea turtles survive. Brevard County’s 72-mile long coastline is a critical habitat for marine turtles, and STPS’ efforts help turtles in need, organizes beach cleanups, and raises awareness of the threats sea turtles face today.

A primary focus of the organization is to educate the public about marine turtles. The group reaches thousands of people each year through public presentations, exhibits at area events, and by their turtle watches during the sea turtle nesting season. The Turtle Krawl, their annual 5k Run/Walk, is the largest 5k race in Brevard County.
