Centrally located 45 minutes east of Orlando, Florida’s Space Coast is a place where sandy beaches meet world-famous surfing and oceanfront happy hours. A place where nature provides a landscape for visitors to enjoy idyllic year-round temperatures, and where you can immerse yourself in local culture while savoring must-see sights.

Florida’s Space Coast is a place like no other. With over 72 miles of coastline, it’s incredibly diverse from north to south. No matter your vacation style or your ideal itinerary, there’s an adventure waiting for every visitor. The diversity shows through in these designated towns: Cocoa Beach, Melbourne & The Beaches, Port Canaveral, Titusville, Palm Bay and Viera.

As you discover what makes up Florida’s Space Coast, you will learn that it has the perfect combination of sun, sea and space for you to explore. Relive the simple pleasures of natural wonders and ocean swims, and experience the thrill of rocket launches. Whether you’re planning a romantic getaway, a family vacation, or a cruise from Port Canaveral, we invite you to find your space, plant your beach chair, and breathe in the ocean air.
Cocoa Beach is a family-friendly destination located 45 minutes east of Orlando and is easily the most-recognized city on Florida’s Space Coast. Here you’ll be able to rediscover the childlike joy of catching a wave, strolling down the beach, and exploring what makes this a quintessential beach town. From oceanfront dining to world-famous surfing, adventures in nature and monthly rocket launches, Cocoa Beach has a little bit of everything for everyone.
World-Famous Surfing

As the East Coast surf capital, Cocoa Beach offers beginner and expert surfers alike waves that are easy to ride and warm temperatures year-round. Want to learn how to surf? Several surf schools have experienced instructors who can get you up on a board in no time. Ron Jon Surf Shop and the Cocoa Beach Surf Company have everything you need for a day at the beach, including rentals, and the Florida Surf Museum allows visitors to experience the culture of Florida surfing without even stepping foot in the water.

The greatest surfer of all time and 11-time world champion, Kelly Slater, grew up surfing the waves in Cocoa Beach. Catch a selfie with his bronze statue at the north entrance to Downtown Cocoa Beach.
Westgate Cocoa Beach Pier

This historic landmark stretching out 800 feet over the Atlantic Ocean is an iconic part of Cocoa Beach and one of the most-photographed spots in town. A leisurely stroll along its walkway offers panoramic views of Cocoa Beach, as well as aerial scenes of the surf action below. Step into The Pier Shop for souvenirs, or rent a rod, reel and bait to cast your line off the pier.

Visitors can plan a game of beach volleyball, splash in the surf or enjoy food and drinks at any of the many bars and restaurants. The pier also offers beach rentals and freshwater showers and is staffed with lifeguards year-round.

Zagster Bike Share

Experience Cocoa Beach in a whole new way! With multiple bike stations located throughout Cocoa Beach, the Zagster Bike Share is a fun and affordable way to get around town. Here’s how it works:

1. **Join** – Download the Zagster app and join the Space Coast bike share. Zagster.com/App
2. **Unlock** – Find the number of the bike you’ve selected and enter it in the app to get an unlock code.
3. **Ride** – Take a quick trip to get around town efficiently.
4. **Return** – Park your bike at any Zagster station. PRESS and HOLD the LOCK button on the keypad until the light flashes.
Space

Synonymous with America’s space program since the 1960s, Cocoa Beach has been the home and playground for many astronauts, including members of the Mercury, Gemini, Apollo, and Space Shuttle missions. See where it all began and relive the excitement at Kennedy Space Center Visitor Complex – only 15 minutes from Cocoa Beach.

Cocoa Beach Viewing Sites

The only thing better than enjoying a fun and relaxing vacation in Cocoa Beach is having the opportunity to witness a launch during your stay. The rumble of the launch is the perfect complement to the hum of crashing ocean waves. Here are some top spots for watching a launch:

- Westgate Cocoa Beach Pier
- Alan Shepard Park
- Lori Wilson Park
- Sidney Fischer Park
Nature

The Thousand Islands are a group of natural and modified spoil islands located in the Banana River. This series of islands around Minutemen Causeway has many channels that provide great opportunities for visitors to see the natural side of Cocoa Beach. Paddle around the local waterways or take a guided boat tour to enjoy up-close encounters with a variety of wildlife, including pelicans, ospreys, and roseate spoonbills. Depending on the season, some visitors may encounter manatees and dolphins. Cocoa Beach is a strategic nesting location for three species of sea turtles: loggerheads, leatherbacks, and green turtles. In fact, Florida’s Space Coast has the second-largest population of nesting loggerhead sea turtles in the world.

Sea turtle nesting season begins May 1 and ends October 31, and one of the best ways to spot a nest is by taking a sea turtle walk with the Sea Turtle Preservation Society.

Downtown Cocoa Beach

Perfectly situated steps away from the beach, Downtown Cocoa Beach is home to shopping and dining set in a vibrant and relaxed outdoor atmosphere. The shops have something for everyone and embrace the beach lover’s lifestyle. Top-rated dining options line the streets and cater to every taste imaginable. From gourmet coffee and acai bowls to fresh seafood and ice cream, it’s no wonder the downtown area is a gathering place for locals and visitors alike.
Most visitors have the beach at the top of their vacation wish list and, truth is, no trip to Florida’s Space Coast is complete without a visit to the sandy shores of the Atlantic Ocean. This 72-mile stretch of coastline on the East Coast of Florida is full of gorgeous beaches and expansive waterways for you to enjoy. Whether you’re looking to surf a wave or catch some sun, there’s nothing better than spending time at the beach with friends and family.

There are obvious essentials to pack for the beach. Here’s a look at some must-have beach items from Ron Jon Surf Shop in Cocoa Beach. Open 24/7, 365 days a year, Ron Jon has everything you need and more to make the most of your time at the beach.

Cocoa Village

Step back in time with a stroll down the streets of Historic Cocoa Village, a tucked-away treasure where history meets present day here on Florida’s Space Coast.

Why Now: Located just a short drive from the beaches, Historic Cocoa Village is an old commercial area that has been transformed into a premier shopping and entertainment district, with brick sidewalks and tree-lined streets providing a relaxing, yet lively atmosphere for you to enjoy.

Where to Go: Park your car and take a walk to access more than 50 unique shops and restaurants, as this is best done on foot. As you make your way through the village, go on a historical tour using your smartphone and experience what it was like to live here in the late 1800s.

You can continue your tour by taking care of the appetite you’ve just worked up.

One of the old historic buildings has been restored to house some of the best food joints on the coast.

Once you’ve had your fill of food, head over to Riverfront Park, where a playground and water fountain park will entertain the kids, and pavilions and park benches are available for you to sit back and relax.

If you have a flair for the arts, stop by the Cocoa Village Playhouse for one of its matinee shows. Top off your day with music from some local talent that may just have you dancing in the streets, as the quaint village comes alive at night.

Hit the Village

📍 Ossorio Bakery & Café
Dig into a hand-rolled pastry that’s paired with a specialty coffee of your choice.

📍 Painting with a Twist
Be Picasso for a few hours and take home your own masterpiece.

📍 Café Margaux
Stop here for a fine dining experience featuring creative French cuisine.
New & Noteworthy

Crydermans, a barbecue joint situated in an old 1930s gas station, pays tribute not only to the history contained in Cocoa Village, but also to the time-honored tradition of Texas-style barbecue.

Village Bier Garten Restaurant, an indoor/outdoor restaurant that couples Bavarian culture with a quaint, small-town vibe, will have you feasting on authentic German food in a great atmosphere. Enjoy live music and your choice of some of the best German beers around. You’ll be saying “Noch ein Bier, bitte” before you’re finished with your first round.

After walking the historic streets of the village, step into Old Florida Barber Shop for a straight-up, old-school-style haircut and proper beard trim that will not disappoint.

For a fun and unique indoor treat for all ages, head over to Brevard Cinema House, where watching classic films isn’t the only pleasure. Dressing up for costume contests and singing along to movie musicals also are highly encouraged.

Bruce Best
Tiki Carver

Being immersed in Cocoa Beach’s notorious surfing community for the majority of his life, Bruce Best’s attraction toward beach-inspired art was a natural match. His love for tiki carving sparked when he met Wayne Coombs and Chester Abeln, two tiki-carving masters who taught Bruce everything he knows about the craft.

Every tiki Bruce carves is unique. He draws inspiration from the Polynesian and Hawaiian cultures from which the art stems.
On the Beach with Dalton Smith

Dalton Smith has a heart for adventure and a passion for storytelling. He also is a native of Florida’s Space Coast and calls Indialantic home.

Beach Rentals

Q: I’m staying in Cocoa Beach and my accommodation does not supply beach umbrellas and chairs. Where can I rent them? - Meredith

A: It’s easy to rent beach chairs and umbrellas in Cocoa Beach! Depending on the area you’re in, they can be rented through different beach services, including those at the Cocoa Beach Pier, Lori Wilson Park, and Minutemen Causeway Beach Access. Places like Cocoa Beach Surf Company and Ron Jon Surf Shop also offer rentals of chairs, umbrellas and surfboards.

Safety

Q: My family is looking forward to playing and swimming in the ocean during our vacation! Do you have beaches with year-round lifeguards in Cocoa Beach? - Becca

A: There are four lifeguard stations in Cocoa Beach that operate year-round. They are located at Alan Shepard Park, Lori Wilson Park, Minutemen Causeway, and Cocoa Beach Pier. Also, seasonal lifeguards will be found at additional locations throughout Cocoa Beach, from Easter weekend through Labor Day weekend.

Food & Beverage

Q: Some Florida beach destinations prohibit alcohol on the beach. May I bring a cooler of alcohol onto the beaches of Florida’s Space Coast? - Rodrigo

A: Persons 21 or older are allowed to consume alcoholic beverages on the Space Coast’s beaches all year long. However, glass bottles are strictly prohibited. Remember to leave only footprints behind and properly dispose of all trash when you’re done visiting the beach.

Pet-Friendly Beaches

Q: It’s not a vacation without our labradoodle, Chandler. Do you have any pet-friendly beaches? - Sarah M.

A: My two dogs love Canova Beach Park in Indialantic. It is, however, the only beach on Florida’s Space Coast that allows dogs, and they must be on a leash. The only exception on the other beaches here is if you have a need for a service dog to assist you.

Fully Accessible

Q: I am bound to a wheelchair and have limited mobility. Is there any way for me to access the beach? - Thomas

A: Cape Canaveral, minutes from Cocoa Beach, has installed three Mobi-Mat RecPath nonslip, roll-up mat pathways for beach access. These are located at the beach entrances from Monroe, Polk and Buchanan avenues.

Rocket Launches

Q: A rocket launch is scheduled to go while we’re in town. Will we be able to see it from the beach? - Carrie

A: Absolutely! There are so many awesome spots to watch a launch from here on the Space Coast. If you’re south of Kennedy Space Center, make sure you look north. And if you’re north of Kennedy Space Center, e.g., at the Canaveral National Seashore, make sure you look south.

Keep It Clean

Q: I’ve heard that you have volunteers pick up trash on the beach daily. Is it OK for me to bury my trash and leave it behind? - Trisha

A: While there are volunteers who pick up trash, we all should do our part to keep our beaches clean. Bring a trash bag with you to make sure you can throw everything away when you leave, including cigarette butts. Not only will that prevent trash from going into the ocean, it’s also a way to protect animals from being harmed by debris left behind by humans.

Melbourne &
The Beaches

Known for their family-friendly charm, Melbourne & The Beaches are located in the southern part of Florida’s Space Coast. The area is comprised of the city of Melbourne and many beach towns, including Satellite Beach, Indian Harbour Beach, Indialantic, Melbourne Beach, and Sebastian Inlet. In a matter of minutes, you can go from downtown streets to stunning ocean views, or see life-sized murals in the arts district, sample craft breweries, or enjoy boutique shopping. With miles of open space to explore, you can discover a world of true Florida appeal and create memories that will last a lifetime.
Something for Everyone

There’s so much to see and experience while visiting Melbourne & The Beaches. Get your adrenaline running at Adventure HQ, an indoor recreational facility that includes rock climbing, escape rooms by 321 Escape, and yard games like shuffleboard and cornhole in The Backyard section. One of the area’s newest attractions, Tank America, gives you the opportunity to drive a tank and crush a car, as well as play Tactical Laser Tag. And if you’re looking to have some more fun, Andretti Thrill Park features five go-kart tracks, plus batting cages and miniature golf.

Orlando Melbourne International Airport

The Orlando Melbourne International Airport (MLB) is a full-service airport that serves as the gateway to Florida’s Space Coast. Only one hour from Walt Disney World, the airport services daily flights from legacy carriers Delta Air Lines and American Airlines. Elite Airways is building routes from its Florida hub here to the Northeast. Toronto-based Porter Airlines provides direct flights from Canada. They are joined by Apex Executive Jet Center, which offers private jet charters.
The Beaches

Enjoy the sunshine along 33 miles of unspoiled beaches by daylight or take a romantic moonlit walk graced by a tropical nighttime breeze. Melbourne’s beaches are perfect for sunbathing, surfing, and riding fat-tired bikes, or just as a place for your family to enjoy the area’s sand and serenity – with plenty of elbow room.

Collectively, Melbourne’s beaches include the beachside towns of Melbourne Beach, Indialantic, Indian Harbour Beach, Satellite Beach and Sebastian Inlet State Park. Ocean Park and Spessard Holland Beach Park are popular surf breaks, as well as great spots for surf fishing. The Barrier Island Sanctuary provides a hands-on educational experience through interactive exhibits, films and a 1-mile “dune to lagoon” nature trail.

The only state park on Florida’s Space Coast is the Sebastian Inlet State Park. This park is south of Melbourne’s beaches and straddles the inlet, with access on both the north and south sides. Because of its excellent fishing access and consistent surf break, it’s one of the most-popular parks in the entire state system. The tidal pool here is a great place for little ones to get into the very calm waters, which are protected by a rock jetty, and it’s not unusual to see manatees and dolphins gliding by. The campground is on the south side, along with a boat ramp and the Sebastian Fishing Museum. Sebastian Inlet is also home to the Florida Pro Surf Competition, a World Surf League surfing event.
Get to Know Your Wild Side

There are more than 900 animals, representing 195 species, at the Brevard Zoo. Guests have the opportunity to see the animal residents, including giraffes, lemurs and kangaroos, up close. The zoo’s Treetop Trek Aerial Adventures is an exciting obstacle course and zip-line attraction.

Discover the stunning wetlands and natural beauty of Florida’s Space Coast by zipping across waterways filled with native wildlife in an airboat from Camp Holly Airboat Rides & Fish Camp, or take a ride with Good Natured River Tours along estuaries filled with bottlenose dolphins and wild birds. Take a stroll down the main trail at Florida Institute of Technology’s Botanical Garden, which showcases palm trees and other tropical fauna across 15 acres.

The first of May officially marks the beginning of sea turtle nesting season in the state of Florida. The beaches along Melbourne’s coast are a prime spot for observing sea turtles during nesting season and make up the second-largest nesting area in the United States for both loggerhead and green sea turtles. Sea turtle nesting season ends on October 31. One of the best ways to spot a nest is by taking a sea turtle walk with the Sea Turtle Preservation Society.
Downtown Districts

Melbourne is the region’s premier entertainment and shopping destination. Up and down the streets of Downtown Melbourne, you’ll find a number of restaurants, lounges and shops that sell clothes, jewelry, unique gifts and much more.

The Eau Gallie Arts District (EGAD) boasts multiple art galleries, from the Fifth Avenue Art Gallery to the Foosaner Art Museum. With more than a dozen active galleries, many consider EGAD to be the pulse of arts and culture in the area. In November 2017, EGAD added 19 new murals to its community, essentially making it an outdoor museum. The Historic Rossetter House Museum & Gardens, also located in EGAD, is where visitors can take historical tours daily and ghost tours in the fall.
When you think of favorites, you tend to think about a person, place or food item that you never grow tired of. But how about a favorite street? And no, we’re not talking about every child’s favorite, “Sesame Street.”

East New Haven Avenue, also known as Downtown Melbourne’s main street, is a little-known pleasantry here on Florida’s Space Coast. This vibrant shopping and entertainment destination has over 20 unique stores and restaurants that do not disappoint.

There’s something for everyone here, such as – to name a few – Painting with a Twist (for all the artists in the making), La Crepe de France (for those who appreciate international food culture), and Nourish, where nontoxic and biodegradable ingredients meet luxurious body care products that even men enjoy.

But the most-beloved aspect of this tucked-away street is the intentionality of the community in hosting monthly cultural and social events and other activities that foster economic growth. It’s definitely worth breaking away from the beach and spending the day here, for a little inland retreat.

**Dining**

**Crush XI:**
A casually hip gathering place that cultivates a social dining experience by encouraging its patrons to sample a variety of dishes and share them with friends.

**Shopping**

**Downtown Divas:**
A fashion destination for trendy new clothing direct from Los Angeles, New York and Miami that doesn’t break the bank, making it easy for you to channel your inner diva.

**Arts + Entertainment**

**Henegar Center for the Arts:**
The Henegar Center is a semiprofessional theater dedicated to providing quality cultural and educational programs. It hosts some of the best local talent as they perform in productions of shows seen on Broadway.

**Something Extra**

**Line Dancing at Hurricane Creek Saloon:**
An upscale country bar, this venue comes alive at night and will have you doing the “Boot Scootin’ Boogie” faster than a hot knife through butter.

Art is everywhere, if you just look around, and Florida’s Space Coast has come up with some unique and diverse ways to expose original works that tell a story.

Why Now: The subject of diversity is a hot topic in society and one the Eau Gallie Arts District (EGAD) is passionate about bringing to life in the community, in concert with its desire to make the area a creative place to live, work, or just hang out. Since 2010, EGAD has been working toward making the district the cultural and creative epicenter of the Space Coast, and with over 20 murals completed to date, what better time to celebrate the arts.

Where to Go: EGAD has developed a way to creatively tell a story with talking walls, where a picture says a thousand words. Take a tour of the “outdoor museum” that runs throughout the district. Plan for a full day to take in the murals by artists known all over the world for their diversity in artistic expression. The district is also home to more than a dozen galleries, boutiques and one-of-a-kind restaurants, as well as a craft brewery.

Trending: EGAD Murals

“The Patchwork Goddess of Diversity” → Danielle Henn brings diversity to life with her mosaic depicting colorful themes of social justice and tolerance.

“Float” → Paying homage to the space industry’s influence on the area, Jay Fanakapan reminds the viewer to reach for the stars.

“Hoxxoh” → You’ll be mesmerized as you view time through gravity’s natural pull in this Douglas Hoekzema mural showing that time is a mystery that will not be bound by man-made constraints.

New & Noteworthy

“The Wave,” a mosaic in honor of local art educator Nancy Dillen, was added to the outdoor museum in 2018. The essence of the piece ties in the belief of EGAD that creativity, veracity, growth, truth, authenticity, and inclusivity lead to great collaborations. With a wave in the foreground, this piece shows the observer that the strongest force on this earth comes about when an individual is allowed to dream, imagine, inspire and create.
5 Minutes with C.J. Hobgood

Satellite Beach native and professional surfer C.J. Hobgood grew up on Florida’s Space Coast and has surfed since the age of six. He spent 16 years on the World Tour, winning one world title, four Elite Tour victories and many others before he hung up his jersey in 2015. C.J. has since embarked on a new career that’s filled with dropping kids off at school, working with Salty Crew clothing brand, and occasionally catching a wave or two back home on Satellite Beach.

Q: What was it like growing up in Satellite Beach?
A: Looking back, surprisingly simple. The area is family-friendly, and I could get to school and the beach on my bike. Having my twin brother, Damien, doing the same thing, the buddy system was intact. Our parents gave us a pretty long leash, and that freedom was all we really cared about.

Q: Where’s your favorite Space Coast surf spot?
A: Growing up, it was without a doubt Sebastian Inlet, but getting there was probably our biggest hurdle. Our older friends who could drive would get out of school before us, and more times than not, were frothing so hard they would take off without us (or the space would fill up!). I remember a few times being like, “Man, I would have loved to surf the inlet today!” It’s still one of my favorite places.

Q: Name your top three restaurants on the Space Coast.
A: Grills Seafood Deck and Tiki Bar at Port Canaveral and the Riverside location are my favorite without a doubt. Café Surfinista in Indialantic is rad, and they also have one in downtown Cocoa Beach. I love stopping by Indialantic Seafood Company and grabbing fresh fish from there. But honestly, I love trying different places, and there are a lot of new places popping up that I can’t wait to try.

Q: Outside of surfing, what are some of your go-to Space Coast activities?
A: Fishing out of Port Canaveral or Sebastian Inlet is world-class. Diving offshore is another activity I highly recommend. I still get out and play tennis every so often, but hanging with the kids at the beach is always a favorite.

Q: What’s next for you?
A: Damien and I are so excited to get on the road with our documentary, “And Two If By Sea.” It’s finally done after about five years. What a project! It was worth all the time, energy and financials that went into it. I hope it inspires people to go live out their dreams.

Beach Safety
Q: My daughter loves to make sandcastles and dig holes when we visit the beach. Do I have to tear down the sandcastle and fill the holes before we leave? - Allyson

A: While having fun at the beach is highly encouraged, we ask that you fill in those holes and tear down your sandcastles. Sea turtles can easily get stuck in man-made holes and get trapped behind castles and other obstacles in the sand. Plus, we don’t want anyone to get hurt from tripping over an unfilled hole.

Do Not Disturb
Q: Baby sea turtles are adorable. May we touch them or pick them up to take pictures? - Bridget

A: Please do not disturb nesting sea turtles, hatchlings, or their nests. Sea turtles are protected by both the Federal Endangered Species Act and the Florida Marine Protection Act and it’s best that you do not disturb them.

Sea Turtle Walks
Q: It is a life goal of mine to spot baby turtles. What’s the best way to see one on my trip to the Space Coast? - Louis

A: The best time of the year to see these fascinating creatures is typically from May through October, but trying to find them on your own can prove to be a challenge, unless you plan to take a Sea Turtle Walk with the Sea Turtle Preservation Society (STPS). STPS provides walks for the public that include an educational presentation about Florida’s sea turtles that nest in the area, the threats they encounter, and how you can help keep them safe. The presentation is given before you go out to observe the sea turtles in their natural habitat.

Pick Up Trash
Q: If there are no trash cans nearby, may I leave my trash behind? - Donna

A: Help keep the beaches clean by properly disposing of trash, including cigarette butts. Take your trash with you, as leaving anything behind may be harmful to sea turtles.

Keep the Beach Dark
Q: We want to take a moonlight stroll on the beach, can we use a flashlight or the light on our smartphone to illuminate our path? - David

A: According to Brevard County Ordinance, artificial lights are only allowed on our beaches from Nov. 1 to May 1, so do not bring flashlights or use your smartphone light. Bright-white lights are harmful to nesting sea turtle mothers and hatchlings. While eliminating all lighting is not safe, there are ways to reduce our impact by using amber-colored lights and closing your hotel blinds at night.

Injured Sea Turtles
Q: What should I do if I see an injured or dead sea turtle? - Harvey

A: If you find a dead, sick, or injured sea turtle, please call the Florida FWC (Fish and Wildlife Conservation Commission) 24-hour Wildlife Alert Number at 1-888-404-FWCC (1-888-404-3922). Report all turtles that have not moved for 30 minutes or longer.

ON THE ATLANTIC COAST — MAY THROUGH OCTOBER

the Sea Turtle NESTING SEASON:

Please remember a few simple things to help protect these magnificent creatures and their habitat:

DO NOT DISTURB NESTING SEA TURTLES, HATCHLINGS, OR THEIR NESTS.
Sea turtles are protected by both the Federal Endangered Species Act and the Florida Marine Protection Act.

DO NOT DIG HOLES.
Sea turtles can easily get stuck in man-made holes on the beach. If you dig a hole, please fill it back in.

TEAR DOWN YOUR CASTLES.
Sea turtles can get trapped behind sand castles and other obstacles on the sand.

KEEP THE BEACH DARK.
If you must go to the beach at night, only use amber colored lights. Bright white lights are harmful to nesting mothers and hatchlings.

USE DESIGNATED CROSS OVERS AND WALK WAYS.
Do not climb over the dunes or disturb the dune vegetation.

IF YOU SEE AN INJURED OR DEAD SEA TURTLE, call the Florida Fish and Wildlife Conservation Commission 1-888-404-FWCC (3922) or FWC from your cell phone.

Port Canaveral

Port Canaveral is a world-class cruise and cargo port located 45 minutes east of Orlando. It’s affectionately nicknamed “Florida’s Fun Port” and for good reason. No port gets you closer to space exploration, family-fun adventure and one-of-a-kind waterfront dining. You can enjoy the best Port Canaveral has to offer before you set sail and explore the high seas.

Voted the Best North American Homeport by Cruise Critic, Port Canaveral is the world’s second-busiest cruise passenger port. There are opportunities to experience the eastern and western Caribbean, as well as Cuba, aboard one of our partner cruise lines, which include Carnival Cruise Line, Disney Cruise Line, Norwegian Cruise Line and Royal Caribbean International. A world of destinations awaits, and it all begins from Port Canaveral.
Watch ships from Jetty Park
Around the Port

Not up for a multiday cruise? Enjoy a day or night on the water with Victory Casino Cruises. Enjoy Las Vegas-style gaming while dining in the Atlantic Café and partying in the high-energy Big Norm’s Club V.

The Cove, the port’s entertainment district, features shopping and dining. Home to several waterfront restaurants, visitors can enjoy some of Florida’s best seafood while watching fishing charters arrive and cruise ships depart. And when the sun goes down, many restaurants and lounges stay open late, offering live music and drink specials.

With seven floors of exhibits and interactive play, the Exploration Tower includes something for everyone. Learn about Port Canaveral’s history, grab a bite to eat, enjoy panoramic views of Port Canaveral and Kennedy Space Center, and much more!

Parker Brothers Concepts designs and creates the most-outrageous custom vehicles on the planet. Movie fans can’t miss the Hollywood Auto Museum, which includes favorites like the Batmobile, the Ecto-1 from “Ghostbusters” and Optimus Prime from “Transformers.”

Join one of the many fishing charters out of Port Canaveral for a fishing adventure you will never forget. Most charters offer half-day and full-day boating trips that will have you fishing for tuna, tripletail, cobia and other fish in the Atlantic Ocean. No experience? The crew can work with both seasoned anglers and new customers.

Located at the mouth of Port Canaveral, a variety of recreational activities awaits you at Jetty Park. Whether you prefer relaxing beachside or splashing in the waves, the park offers daily rentals, including chairs, umbrellas, boogie boards and more. Jetty Park also features a 1,200-foot fishing pier that does not require a fishing license and year-round lifeguards.
From choosing the right ship and shore excursions to gourmet meals and relaxing on board, you’ve spent months planning your dream cruise. Embarkation day is the finish line, and once you board the ship, it’s time to kick off your cruise vacation. And with all that prep, you do not want to find that your flight was delayed or get a flat tire on the interstate en route. Here are three ways to take the stress out of embarkation day.

1. Arrive One Day Before Departure

Planning to arrive the day of your cruise, whether by driving or by flying, leaves you with little or no margin for error. If you miss your cruise departure time, your ship will be gone when you arrive. Some cruisers find themselves missing the boat, which can almost always be avoided by making pre-cruise travel plans.

The “Don’t Miss the Boat” packages are designed to put travelers’ minds at ease. More than 20 hotels in Port Canaveral and nearby areas offer these packages, which include free or discounted parking and shuttle services to and from the port.

Additionally, Fly, Snooze & Cruise packages offer to pick you up at Orlando International Airport (MCO), Orlando Melbourne International Airport (MLB) or Orlando Sanford International Airport (SFB), transport you to an overnight stay, and take you to the cruise and then back to the airport after the cruise ends.

2. Show Up Early…or Later for Your Cruise Check-In

An added perk of staying close to Port Canaveral is that you may board the ship as early or as late as you’d like. You may want to arrive early to maximize your time on board, but remember, everyone else will also be checking in, leading to long lines and waits. Plus, it’s likely your room won’t be ready until 2 p.m. Spend the morning of your departure having breakfast along the water at The Cove in Port Canaveral, take a stroll beachside, or discover more of Florida’s Space Coast.

3. Have a Plan

Whether you choose to take a hotel shuttle, complete your check-in online, or print your boarding pass beforehand, it’s important to plan ahead to make embarkation go as smoothly as possible. If you choose to arrive the day of departure, there is parking available off-site as well as on-site at the port. Don’t forget to have all of your documents, including your passport, readily available at the terminal.

For more information on Fly, Snooze & Cruise packages, please visit VisitSpaceCoast.com/deals/hotels.
THINGS TO DO DURING YOUR PORT OF CALL

Home to rocket launches, surfing and native wildlife, Port Canaveral is located in the middle of the 72 miles of beaches along Florida’s Space Coast. It’s affectionately named “Florida’s Fun Port” and is a gateway to endless fun, no matter what your interests are. From fishing charters and airboat rides to boutique shopping and space exploration, Port Canaveral is likely to become one of your favorite ports to visit while cruising.

LUNCH WITH A SIDE OF OUTER SPACE

Kennedy Space Center Visitor Complex is home to the greatest space adventure on earth. Q: To avoid any travel delays on the day of our cruise departure, we’re planning on spending the prior night in the port area. Where should I stay before our cruise? - Rachel

A: It’s smart to arrive early! There are many wonderful hotel options near Port Canaveral that offer “Snooze ‘N Cruise” packages, meaning they offer free or discounted parking and shuttle services to and from the port. Not only will you save money, you’ll also get plenty of rest before you set sail.

Florida’s Fun Port

Q: What type of fun can my family have before our cruise vacation? We are arriving two days early, and our kids are ages 7 to 12. - Sawyer

A: There’s a reason why Port Canaveral is nicknamed Florida’s Fun Port! From exploring Kennedy Space Center Visitor Complex and getting those toes sandy to learning how to surf and going deep-sea fishing, there’s something for everyone here. Nearby Cocoa Beach offers fun things for the kids, including putt-putt golf, aerial adventures, and an up-close look at dinosaurs.

Easy Access

Q: My fiancée is considering booking our cruise out of another port. Why should we choose Port Canaveral? - Mike

A: Port Canaveral is the second-busiest cruise port in the world, yet it’s one of the easiest to get around. Traffic is minimal, and it’s a direct shot from Orlando International Airport, located 45 minutes west. It’s home to top cruise lines and ships that offer you itineraries that work best for your schedule. You won’t be disappointed if you choose to sail from Port Canaveral.

New Additions

Q: My family has cruised out of Port Canaveral before, and we’re excited about sailing out again in the spring. Are there any new things to explore before we depart? - Rebecca

A: There’s always something new to discover on the Space Coast! The all-new Astronaut Training Experience at Kennedy Space Center Visitor Complex allows you to feel what it’s like to live on Mars. Brevard Zoo recently opened Lands of Change: Australia and Beyond, which features a walk-through kangaroo habitat and aviaries. Plus, Cocoa Beach Aerial Adventures is a few miles down the road, as is the Museum of Dinosaurs and Ancient Cultures.

Port of Call Cruiser

Q: I chose not to book an excursion through my cruise line. What’s the best way to get around the area? - Melissa

Titusville

The contrast of the high-tech wonders of the space program with the natural beauty of the area places Titusville in a class by itself. It’s the only place on the planet where rockets blast off, sea turtles nest and soothing sunrises give way to inviting surf. With top attractions and easy access to the Canaveral National Seashore and the Merritt Island National Wildlife Refuge, it’s no wonder Titusville is an inviting place for nature enthusiasts and other visitors.

The American Space Museum and Space Walk of Fame nearby houses amazing artifacts not seen anywhere else and is staffed by volunteer docents who worked behind the scenes on America’s spaceflight missions. They love to tell stories of the early days of space exploration.

Gateway to Nature

You’ll love visiting this city, with its many riverfront parks, fantastic freshwater and saltwater fishing, year-round golf, kayak rentals, and animals and plants that are found nowhere else on earth.

Right across the Indian River Lagoon sits the Merritt Island National Wildlife Refuge. There are more threatened and endangered species here than in all other Florida refuges combined. Winter is prime bird-watching time, with over 300 species that can be spotted, but any time of year will reward visitors with views of alligators, deer, manatees and more. The boundaries of Kennedy Space Center and the wildlife refuge are the same, but NASA uses only about 8 percent of the 220 square miles, leaving the remaining natural wetlands, scrub and hammock habitats for exploration. Driving trails, hiking trails and boat ramps give easy access to off-the-beaten-path locales.

Canaveral National Seashore is the last undeveloped stretch of beach on the East Coast. It runs 23 miles from Titusville north to New Smyrna Beach, with Playalinda Beach as the southern access. This is one of the prime viewing sites for daytime rocket launches. It closes from sunset to sunrise, so seeing night launches from here is not allowed. But during the day, you’ll be very surprised to discover how close you can get to the launch pads.

A work in progress, the Florida Coast-to-Coast Trail, better known as the C2C, utilizes the East Central Regional Rail Trail alignment and will give users access to small towns, flowing springs, state parks, museums, and beaches along the way. Once completed, the C2C will stretch from the Gulf of Mexico in Pinellas County through Central Florida to Downtown Titusville, terminating at the Canaveral National Seashore and the Atlantic Ocean. This multiuse trail corridor will eventually connect with two other regional trail systems – the East Coast Greenway and the St. Johns River-to-Sea Loop – all converging in Downtown Titusville.
Bioluminescence

The magic that Florida offers isn’t just found at Walt Disney World.

Why Now: Although the Space Coast area is known for its beaches and space history – and as one of the best cruise ports – a little-known phenomenon that you can experience right here is bioluminescence, the ability of an organism to create light through a chemical reaction. Finding true and authentic experiences, instead of manufactured magic, is rare in this age of technology and computer simulation. But a bioluminescence tour on the Space Coast is where dreams, wild adventures and creating your own sense of magic happen. This is one of the top places in America for this special type of tour. And while we can really start “geeking out” and educating you on the science of this incredible phenomenon, we will leave that up to your tour guides, while we stick to telling you why you need to add this to your next visit.

Where to Go: Head to Titusville and you’ll find A Day Away Kayak Tours. Tours are based in the waters of the Merritt Island National Wildlife Refuge, one of the most-diverse estuaries in North America. Become the conductor of your own magical light show. Every stroke of the paddle, every splash made by your hand, and every move made by the living creatures below the surface create a mesmerizing illumination that resembles shooting stars across the night sky, or the famous northern lights. Most commonly occurring from July to October, you can see the area’s rivers and lagoons come alive after dark, usually anytime after 9 p.m.

Choose Your Tour

Dinoflagellate Biolume → Join the other wildlife and get introduced to this awe-inspiring wonder. June-October

Comb Jelly Biolume → For those who can’t visit in the summer, you’re in luck with Comb Jelly tours. And don’t worry, these jellies don’t sting. November-May

Moonlight Biolume → Let the full moon illuminate your path as you cruise amid the mangroves in the shallow waters, with Kennedy Space Center in view. Year-round

New & Noteworthy

Kayaking isn’t something new, but the ability to see through a clear-bottom boat is. Take your tour to another world and make your night on the water more up close and personal than ever. It’s been described as “underwater fireworks and swirling fairy dust” and is easily one of the most-rewarding experiences you can have here on the Space Coast.

Even though Kennedy Space Center Visitor Complex offers the best seats in the house for watching a rocket launch, Florida’s Space Coast offers many additional prime viewing areas. From the shores of the Indian River Lagoon and the beaches on the coastline to the Exploration Tower and our waterside restaurants, check out these great viewing venues on Florida’s Space Coast!
Titusville

Sand Point Park
Hours of operation: dawn to dusk
Sand Point Park is located on the shores of the Indian River Lagoon in the heart of Historic Downtown Titusville. The Astronaut Memorial Plaza, located near the south side of the park, commemorates the astronaut crews of Apollo 1, the space shuttle Challenger and, more recently, the space shuttle Columbia.

Playalinda Beach - Canaveral National Seashore
Hours of operation: 6 a.m. to 8 p.m. summer, 6 a.m. to 6 p.m. winter
Located in the Canaveral National Seashore, Playalinda Beach is one of the viewing locations closest to the rocket launches on Florida’s Space Coast. With a short walk down the beach, you can be within 5 miles of a launch. Playalinda is located within a national park, so a $10 entrance fee is required. This park is open from roughly dawn to dusk and it does not open for launches outside of normal operational hours.

Space View Park
Hours of operation: dawn to dusk
Space View Park is the first and only park in the nation to honor America’s astronauts and those behind the scenes who helped lead the world in space exploration. This park is located directly across the water from Kennedy Space Center and less than 15 miles from the launch pads. It offers a spectacular view of rocket launches.

Additional venues in Titusville include Manzo Park, Marina Park, Parrish Park and Rotary Riverfront Park.

Port Canaveral

Kelly Park East
Hours of operation: dawn to dusk
Located on the shores of the Banana River on Merritt Island, which is adjacent to Port Canaveral, Kelly Park offers a great view of rocket launches. The park’s amenities include restrooms, a playground, and picnic facilities.

Exploration Tower
Hours of operation: Sunday-Thursday 10 a.m. to 5 p.m.; Friday-Saturday 10 a.m. to 7 p.m.
Take in the launch from the seventh-floor observation deck. Not only do you get a panoramic view of Port Canaveral and the cruise ships, you also can utilize the deck’s telescopes to get a spectacular up-close view of the rocket before and during launch.

The Cove at Port Canaveral
Hours of operation: viewing areas are open 24 hours a day; hours for restaurant operations vary
The Cove is the area’s prime entertainment district and offers plenty of great dining, shopping and entertainment options to enjoy on launch day. Head out to any one of the waterfront restaurants and bars to enjoy a delicious meal and beverage and a spectacular view of a rocket launch.

Jetty Park
Hours of operation: 5 a.m. to 11 p.m.
If you’re looking for a place where you can have a relaxing day on the beach with the family and also watch a launch, Jetty Park is the place to do just that. Keep in mind it does cost $15 per vehicle to get in.

Cocoa Beach

Westgate Cocoa Beach Pier
Hours of operation: 6 a.m. to 10 p.m.
Home to five restaurants, four bars and spectacular views of the ocean, the Westgate Cocoa Beach Pier is a prime viewing spot for rocket launches. The pier alone stretches out 800 feet over the Atlantic Ocean, and it’s the only venue of its kind on Florida’s Space Coast.

Alan Shepard Park
Hours of operation: beachfront viewing is open 24 hours a day; park is open dawn to dusk
Close to Ron Jon Surf Shop and the Sandbar Sports Grill, this park provides excellent views of rocket launches. The park was named after astronaut Alan Shepard, and the facilities on-site include picnic pavilions and bathrooms.

Sidney Fischer Park
Hours of operation: 8 a.m. to 6 p.m.
As far as beachside rocket-launch viewing spots go, Sidney Fischer Park is a great spot and equipped with many amenities, including picnic pavilions, a playground, a volleyball area, and restrooms.

Lori Wilson Park
Hours of operation: beachfront viewing is open 24 hours a day; park facilities are open dawn to dusk
Lori Wilson Park is loaded with beachside amenities for the whole family to enjoy, including your furry little friends. From a dog park to easy beach access, you will love watching a launch from this location.
Viewing Locations

Q: Where can I watch a rocket launch on Florida's Space Coast? - Kelly
A: Kennedy Space Center Visitor Complex is the spot that first pops into mind as the number-one way to get the full launch experience. However, there are dozens of places throughout the area that provide stellar views. Turn to page 83 to see more.

Types of Rockets

Q: Are all rockets launched on the Space Coast SpaceX rockets? - Deborah
A: Heck no, SpaceX isn’t the only company launching from here! United Launch Alliance and SpaceX are currently the two biggest competitors for payload missions to the International Space Station. We have even launched a Delta 4 rocket (a BIG Rocket). Northrop Grumman Innovation Systems (formerly Orbital ATK) also launches from here, and Blue Origin is expected to launch sometime before 2020. There are more than 20 rockets scheduled to launch from Cape Canaveral or Kennedy Space Center in the first three quarters of 2019.

Launch Schedule

Q: How does the launch schedule get determined, and can I request a launch date be moved so I can see it during my trip? - Danny
A: There are a lot, and I do mean a LOT, of factors that determine the launch window. Sadly, none of those include your trip plans and the dynamics change from mission to mission. The team has to assess the spacecraft’s target and goals (i.e., International Space Station supply mission, an interplanetary mission, a space telescope bound for a Lagrangian point, etc.) Other factors include the type of rocket and the desired trajectory. Not only do these variables influence the preferred launch time, but also the overall length of the launch window, which can vary from one second to several hours.

A day or two before a launch, the team starts to look at weather and then THAT becomes a factor – the launch might slip a day or more to avoid bad weather. There’s no sense in tanking up with explosive propellants if the launch team doesn’t think there’s a good chance of flying that day. Unfortunately, you cannot request that a launch be moved. (Well, that’s a little harsh: You can request it, but you can also rest assured it will not be listed as a launch constraint.)
With more launches happening now than ever before, there’s a buzz in the air here on Florida’s Space Coast - and it has hit the airwaves with “Rocket Talk,” a show all about rockets and more.

Tune into YouTube to watch Rocket Talk!

Palm Bay and the surrounding areas offer many boating and fishing opportunities. Access to the Indian River Lagoon (IRL) and the Intracoastal Waterway opens up a boater’s paradise, and anglers will find plenty of bodies of water to cast their lines into while visiting. Man-made lakes in Palm Bay have created the ideal ecosystem for largemouth bass to thrive in. You do have to catch and release, but this gives you no shortage of opportunities to reel one in.

Three Forks Marsh is 47,000+ acres with great fishing and wildlife and is a great companion to the Stick Marsh, one of the top largemouth bass lakes in Florida. The C-54 Canal is a 12-mile-long canal way that starts at the Stick Marsh and ends at the IRL. Pelican Harbor Marina is a great place to launch your boat on the IRL or to rent a kayak for exploring Turkey Creek Sanctuary. Camp Holly also offers boat ramp access, as well as airboat nature tours through St. Johns River Marsh.

Need some supplies before you cast a line? Visit Bass Pro Shops – Palm Bay, an old Florida Cracker-style store complete with gear for fishing, hunting and camping. At the entrance you will find a swamp buggy, ATVs and a fleet of boats that are sure to be perfect for you and your family. Visit the 16,000-gallon aquarium to see everything from largemouth bass and crappie to bowfin and catfish. Fish feedings take place every Monday, Wednesday and Saturday at 1 p.m.

Originally hailing from Maryland, professional bass fisherman JT Kenney now calls Palm Bay home, due to its vast freshwater fishing opportunities. Kenney began his career in the Bass Fishing League and has fished his way across America. Over the years, he's discovered that it doesn't get much better than fishing on Florida's Space Coast.

Q: Why is Palm Bay one of your favorite places to fish?
A: Palm Bay is rich with places to catch bass. Both in numbers and size. From the St. Johns River and Lake Lawton to Three Forks Marsh, there are endless opportunities to catch bass and explore the upper St. Johns. Then you can fish the fabled waters of Stick Marsh, Farm 13, Lake Garcia, C-54 canal and many more.

Q: How does fishing in Palm Bay vary from other freshwater fishing destinations?
A: Fishing in Palm Bay is unique because of its diversity. There are lakes, rivers, marshes and canals. Most of the lakes are smaller than some of the more-well-known lakes, which makes it more manageable for someone coming in from out of town. Full of aquatic vegetation, they also harbor some of the biggest bass found anywhere. The St. Johns River strain of largemouth bass is also known as one of the best fighters swimming.

Q: When you're not catching bass, what are some of your go-to Space Coast activities?
A: This area offers more than just bass fishing. The saltwater fishing is amazing, too! Whether you are fishing the flats for redfish and snook, or offshore for sailfish or grouper, there is always something biting. I also like to hit the beach and catch a few waves now and again.

Q: Name your top 3 restaurants on the Space Coast.
A: There are many homegrown restaurants on the Space Coast that I love to visit. Some of my favorites include The Old Fish House Bar and Grill in Grant, Grills Seafood Deck and Tiki Bar in Port Canaveral, and The Fat Snook in Cocoa Beach.

Q: Any Palm Bay fishing tips you’d like to share with our readers?
A: One of the best tips I can give for chasing bass in Palm Bay is to always fish the leeward side of the lake. Wind can stir up the lake and the Florida strain bass prefer clearer water.

Viera

Viera is the newest town on Florida’s Space Coast. From what were once sod farms and cattle lands an entire town has emerged, giving you many options for creating an unforgettable trip. The area has become a must-see for visitors to Florida’s Space Coast, thanks to its sports venues, shopping, bird-watching and the world-class Brevard Zoo.
Discover Viera

USSSA Space Coast Complex, the home of the United States Specialty Sports Association, is bringing year-round youth sporting events to the area. Duran Golf Club features an 18-hole championship course and has been voted the best public course to play by area residents. You can even play into the cooler evening hours on the lighted nine-hole, par-3 course. On the other side of I-95, Viera East Golf Club is rated 4 stars by Golf Digest.

The Avenue Viera is a shopper’s delight. It's a unique outdoor shopping atmosphere with over 70 stores, including Belk, World Market, Kohl’s and many local shops carrying items you won’t find anywhere else. The Avenue Viera is home to more than 22 restaurants, including quick-service, patio dining, and specialty restaurants. Plus, the 16 screens at AMC Theatres are a guaranteed place for entertainment.

Located between the Moccasin Island Tract of the River Lakes Conservation Area and the Brevard Zoo, the Viera Wetlands are a popular site for birders, photographers and eco-tourists. Both the Ritch Grissom Memorial Wetlands at Viera and nearby Supplemental Ponds are accessible by automobile, making the sites popular among those who find the rigors of hiking trails daunting.

The Brevard Zoo is also located in Viera and is the only zoo in the United States to offer guided kayaking tours around the animal exhibits. Feed a giraffe or a lorikeet; get up close to lemurs on Little Madagascar; or whiz along zip lines at Treetop Trek. Kids will love the Paws On Water Play area, which has a 20,000-gallon aquarium featuring locally native wildlife such as tarpon, hermit crabs and stingrays.

Just a few miles north of Viera is Rockledge, the oldest incorporated city on Florida’s Space Coast. What used to be a winter-resort city is now largely residential; however, Rockledge has a thriving recreational scene. Turtle Creek Golf Club is home to a classic Florida-style course, as well as Smash Golf, an exciting new sport that combines golf and tennis.
USSSA Space Coast Stadium was once the spring training site for the Washington Nationals and for several years it also served as the home of minor league baseball’s Brevard County Manatees. In 2017, it was renovated and became part of a multisport facility – the USSSA Space Coast Complex – that is now also the headquarters for the United States Specialty Sports Association (USSSA), which will host sporting events at the complex year-round.

While you’re in town for a tournament at the USSSA Space Coast Complex, but when you’re not at the fields, it’s time to have some other kinds of fun. With any sporting tournament come days and times when the teams are waiting for their designated slot to play, so here are a few activities to take advantage of during that down time.

Not many musicians can say they are former engineers for NASA. For jazz saxophonist Tony Wynn, it was the space program that introduced him to Florida’s Space Coast, but it’s been the rich culture and vibrant music scene that’s kept him around.

Originally from New York, Tony has helped build a local jazz scene thanks to inspiration from the collective creatives who have chosen to call Florida’s Space Coast home.
